

## Product Information

### 3,3',5,5'-Tetramethylbenzidine (TMB) Liquid Substrate System for Membranes

**Cat. No.:** XGB1058

**Size:** 100 mL

**NACRES:** NA.83

**This product is for research use only and is not intended for diagnostic use.**

#### Product Information

<b>Composition</b>	Protein, 5-15% biuret
<b>Conjugate</b>	FITC conjugate
<b>Extent of Labeling</b>	3-6 mol FITC per mol protein
<b>Form</b>	liquid
<b>Purity</b>	ready to use solution
<b>Quality Level</b>	100
<b>Applications</b>	For the fluorescent detection of glycoproteins containing $\alpha$ -D-mannose or $\alpha$ -D-glucose
<b>Storage</b>	2-8°C

#### Safety Information

<b>WGK Germany</b>	WGK 3
