

Product Information

Oligosaccharide GT₃

Cat. No.: X23-04-YW110

Size: 1 mg; 2 mg; 5 mg; 10 mg; 25 mg

Synonym: Neu5Aca(2-8)Neu5Aca(2-8)Neu5Aca(2-3)Galβ(1-4)Glc

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1282.01
Molecular Formula	C ₄₅ H ₇₀ N ₃ O ₃₅ Na ₃
Form	Powder
Purity	>90%
Applications	Oligosaccharide GT ₃ is a disaccharide (Gal1,4Glc) with three sialic acid residues (NeuAc) connected to the galactose residue at α2,8/α2,8/α2,3. And it can be used as a target antigen, which contribute to pancreatic beta cell autoimmune death.
Storage	Store at -20°C.
