

Product Information

Recombinant heparin lyase II from *E. coli*

Cat. No.: X23-06-YM224

Size: 0.1 IU; 0.25 IU

Synonym: Heparin lyase II; Heparitinase II

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Recombinant heparin lyase II from <i>E. coli</i> is a kind of heparin-degrading enzyme that is responsible for cleaving 1→4 linkages between hexosamines and uronic acid residues to produce disaccharides.
Molecular Weight	87 kDa
Source	<i>E. coli</i>
Purity	≥ 95%, determined by SDS-PAGE.
Applications	Recombinant heparin lyase II from <i>E. coli</i> can be used for the structural analysis of glycosaminoglycans (GAGs).
