

Product Information

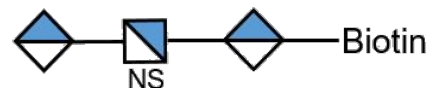

Heparan sulfate, NS 3-Mer-Biotin

Cat. No.: X23-09-LXQ311

Size: 100 µg; 200 µg; 500 µg

Synonym: Heparan sulfates; NS 3-Mer

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Heparan sulfate (NS-NA 8-Mer-pNP B) facilitates precise investigations of structural features and biological functions of glycosaminoglycans.
Applications	Heparan sulfate (NS 3-Mer-Biotin) is a valuable tool for the study of complex molecular interactions and structural analyses.
