

Product Information

nLc4Cer (d20:1/8:0)

Cat. No.: X23-11-ZQ193

Size: 100 mg; 500 mg; 1 g; 100 g; 1 kg

Synonym: Gal β (1-4)GlcNAc β (1-3)Gal β (1-4)Glc β -ceramide

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1143.37
Molecular Formula	C ₅₄ H ₉₈ N ₂ O ₂₃
Form	Powder
Applications	nLc4Cer (d20:1/8:0) is a glycolipid subtype, which can be used as a validated glycolipid standard for the research of its role in neuronal development.
Storage	Store at -20°C.
