

Product Information

A Antigen Cer (d20:1/24:1)

Cat. No.: X23-11-ZQ240

Size: 100 mg; 500 mg; 1 g; 100 g; 1 kg

Synonym: GalNAc α (1-3)[Fuc α (1-2)]Gal β (1-4)Glc β -ceramide

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1349.79
Molecular Formula	C ₇₀ H ₁₂₈ N ₂ O ₂₂
Form	Powder
Applications	A Antigen Cer (d20:1/24:1) is a glycolipid subtype, which can be used as a useful glycosphingolipid standard in the research of mechanisms of cancer occurrence and development.
Storage	Store at -20°C.
