

Product Information

iGB3Cer (d18:1/24:1)

Cat. No.: X23-11-ZQ360

Size: 10 mg; 100 mg; 500 mg; 1 g; 10 g

Synonym: Gal α (1-3)Gal β (1-4)Glc β -ceramide

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1134.54
Molecular Formula	C ₆₀ H ₁₁₁ NO ₁₈
Form	Powder
Applications	iGB3Cer (d18:1/24:1) is a glycolipid subtype, which can be used as a precursor substance for the synthesis of other structurally different compounds.
Storage	Store at -20°C.
