

Product Information

iGB4Cer (d20:1/24:1)

Cat. No.: X23-11-ZQ380

Size: 10 mg; 100 mg; 500 mg; 1 g; 10 g

Synonym: GalNAc β (1-3)Gal α (1-3)Gal β (1-4)Glc β -ceramide

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1365.79
Molecular Formula	C ₇₀ H ₁₂₈ N ₂ O ₂₃
Form	Powder
Applications	iGB4Cer (d20:1/24:1) is a glycosphingolipid subtype, which can be used as an effective standard for the identification of carbohydrate chains in glycolipids.
Storage	Store at -20°C.
