

Product Information

iGB5Cer (d20:1/12:0)

Cat. No.: X23-11-ZQ390

Size: 10 mg; 100 mg; 500 mg; 1 g; 10 g

Synonym: Gal β (1-3)GalNAc β (1-3)Gal α (1-3)Gal β (1-4)Glc β -ceramide

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1361.62
Molecular Formula	C ₆₄ H ₁₁₆ N ₂ O ₂₈
Form	Powder
Applications	iGB5Cer (d20:1/12:0) is a glycolipid subtype that can be used as a standard for the identification of glycosphingolipid species in cells.
Storage	Store at -20°C.
