

## Product Information

### Donkey lipopolysaccharide (LPS) ELISA kit

**Cat. No.:** X23-10-YM173

**Size:** 96T; 96T\*2

**Synonym:** Donkey LPS ELISA kit

**This product is for research use only and is not intended for diagnostic use.**

#### Product Information

<b>Description</b>	Donkey lipopolysaccharide (LPS) ELISA kit is an enzyme-linked immunosorbent assay for the quantitative detection of donkey LPS.
<b>Assay Target</b>	LPS
<b>Species Reactivity</b>	Donkey
<b>Sample Type</b>	Biological fluid samples
<b>Applications</b>	Donkey lipopolysaccharide (LPS) ELISA kit can be used to measure the level of donkey LPS in biological fluid samples.
<b>Storage</b>	Store at 2-8°C.
