

Product Information

D-Celloheptaose

Cat. No.: XCO0010

Size: 1 mg; 2 mg; 5 mg; 10 mg; 25 mg

MDL: MFCD15145329

CAS Number: 52646-27-2

Synonym: D-CELLOHEPTAOSE

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1153.02
Molecular Formula	$C_{42}H_{72}O_{36}$
Biological Source	Synthetic
Form	White to off-white powder
Purity	>95%, determined by HPLC
Applications	D-Celloheptaose is a useful chemical compound for research and analytical purpose.
Storage	Store at -20°C.

Safety Information

Personal Protective Equipment	Gloves, eyeshields, N95 mask
