

Product Information

Cellooctaose

Cat. No.: XCO0017

Size: 1 mg; 2 mg; 5 mg; 10 mg; 25 mg

CAS Number: 120434-20-0

Synonym: CELLOOCTAOSE

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	1315.14
Molecular Formula	$C_{48}H_{82}O_{41}$
Biological Source	Synthetic
Applications	Cellooctaose is a useful chemical compound for research and analytical purpose.

Safety Information

Personal Protective Equipment	Gloves, eyeshields, N95 mask
