

Product Information

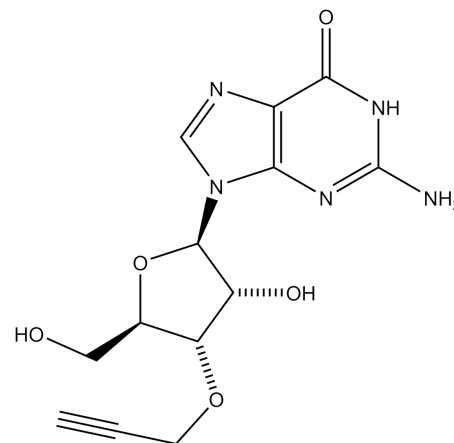

Modified nucleoside 3'-O-propargyl-Gr

Cat. No.: X24-08-LY221

Size: 5 mg; 10 mg; 25 mg; 100 mg

Synonym: 3'-O-Propargyl-guanosine

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	3'-O-Propargyl-Gr is a modified nucleoside having an alkyne (propargyl) functional group attached to the 3'-hydroxyl group.
Molecular Weight	321.29
Molecular Formula	C ₁₃ H ₁₅ N ₅ O ₅
Form	Powder
Purity	≥95%
Applications	3'-O-Propargyl-Gr can be used to synthesize modified RNA or DNA for biomarkers, cross-linking experiments, and drug delivery.
Storage	Store at -20°C.

Safety Information

Personal Protective Equipment	Gloves, eyeshields, N95 mask
