

Product Information

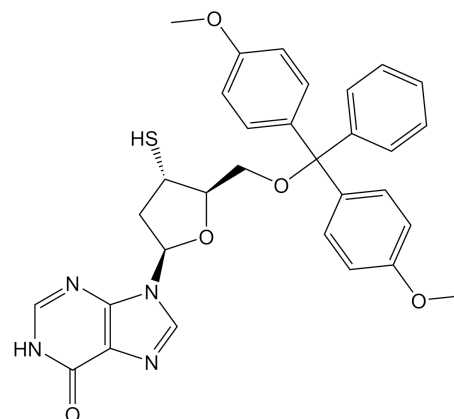

5'-DMT-3'-SH-ddl

Cat. No.: X24-08-LY255

Size: 25 mg; 50 mg; 100 mg; 250 mg; 500 mg

Synonym: 5'-O-(4,4'-Dimethoxytrityl)-3'-SH-dideoxyinosine

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	5'-DMT-3'-SH-ddl is a protected nucleoside that is a biologically active molecule.
Molecular Weight	570.66
Molecular Formula	C ₃₁ H ₃₀ N ₄ O ₅ S
Form	Powder
Purity	≥95%
Applications	5'-DMT-3'-SH-ddl can be used for DNA modification studies, such as substrate studies of modifying enzymes and studies of DNA structure and function.
Storage	Store at -20°C.

Safety Information

Personal Protective Equipment	Gloves, eyeshields, N95 mask
