

Product Information

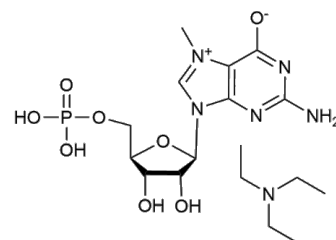

N7-Me-GMP, TEA salt

Cat. No.: X24-09-LY382

Size: 10 mg; 25 mg; 50 mg; 100 mg

Synonym: N1-Methyl-guanosine-5'-monophosphate, triethylamine salt

This product is for research use only and is not intended for diagnostic use.

Product Information

Description N7-Me-GMP is the triethylamine salt of the N7-methylguanosine 5'-monophosphate.

Molecular Weight 500.42

Molecular Formula C₁₇H₃₀N₆NaO₈P

Purity ≥95%

Applications N7-Me-GMP can be used to develop RNA-related drugs and probes.

Storage Store at -20°C.
