

## Product Information

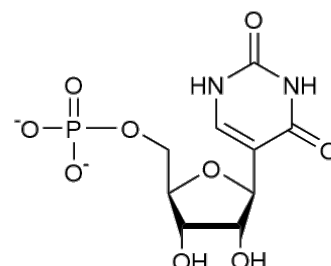

### pUMP·NH<sub>4</sub>

**Cat. No.:** X24-09-LY408

**Size:** 1 mg; 2 mg; 5 mg; 10 mg

**Synonym:** Pseudouridine 5'-monophosphate, ammonium salt solution

**This product is for research use only and is not intended for diagnostic use.**

### Product Information

Description	pUMP·NH <sub>4</sub> is a complex composed of ammonium ions (NH <sub>4</sub> ) complexed by pUMP.
Molecular Weight	324.19
Molecular Formula	C <sub>9</sub> H <sub>13</sub> N <sub>2</sub> O <sub>9</sub> P
Purity	≥95%
Applications	pUMP·NH <sub>4</sub> can be used for biocatalysis.
Storage	Store at -20°C.
