

Product Information

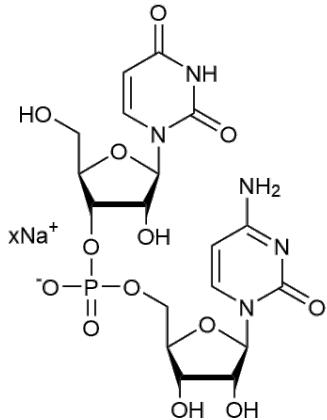

UmpC, 100 mM Na salt solution

Cat. No.: X24-09-LY419

Size: 0.5 mL; 1 mL; 2 mL; 5 mL; 10 mL

Synonym: UmpC, 100 mM sodium salt solution

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	UmpC is a dinucleosides phosphate with a sodium salt solution concentration of 100 mM.
Molecular Weight	549.38
Molecular Formula	C ₁₈ H ₂₄ N ₅ O ₁₃ P
Form	Colorless to light yellow solution
Purity	≥98%
Applications	UmpC Na salt solution can be used to study the functions of cellular metabolism and signaling.
Storage	Store at -20°C.
