

Product Information

Resorufin oleate

Cat. No.: X25-01-LY176

Size: 100 mg; 250 mg; 500 mg; 1 g; 5 g

MDL: MFCD09038348

Synonym: Fluorogenic substrates; Enzyme substrates

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Resorufin oleate is a fluorogenic substrate for lipase.
Molecular Weight	477.64
Form	Orange solid
Purity	≥98%, determined by TLC.
Identity	Confirmed by NMR.
Applications	Resorufin oleate can be used as a tool for the monitoring of intracellular lipids.
Storage	Store at -20°C.
