

Product Information

D-Trimannuronic acid trisodium salt, Purity≥95%

Cat. No.: X25-01-WXX263

Size: 5 mg; 10 mg; 25 mg; 50 mg

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	D-Trimannuronic acid trisodium salt is a sodium salt form of sugar with good solubility and stability.
Molecular Weight	612.33
Molecular Formula	$C_{18}H_{23}Na_3O_{19}$
Form	Solid
Purity	≥95%
Applications	D-Trimannuronic acid trisodium salt is used in research applications involving alginate studies, such as drug delivery systems.
Storage	Store at -20°C.
