

## Product Information

### Chitodecaose decahydrochloride, Purity≥90%

**Cat. No.:** X25-01-WXX303

**Size:** 10 mg; 20 mg; 50 mg; 100 mg

**This product is for research use only and is not intended for diagnostic use.**

#### Product Information

Description	Chitodecaose decahydrochloride has ten glucosamine units, each modified with hydrochloride groups.
Molecular Weight	1994.17
Molecular Formula	$C_{60}H_{112}N_{10}O_{41} \cdot 10HCl$
Form	Solid
Purity	≥90%
Applications	Chitodecaose decahydrochloride has potential in antimicrobial therapy and in promoting wound healing.
Storage	Store at -20°C.
