

Product Information

Endoproteinase Lys-C

Cat. No.: X24-04-LY001

Size: 1 mg; 5 mg; 10 mg; 50 mg; 100 mg; 250 mg

CAS Number: 72561-05-8

Enzyme Commission Number: 3.4.21.62

Synonym: Proteinase Lys-C; Lys-C; Lysyl endopeptidase

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Endoproteinase Lys-C is a specific protease that cleaves at a specific site of the protein (e.g., the C-terminal end of a lysine residue).
Form	Solid
Purity	≥95%
Activity	1.66 AU/mg solid
Applications	Endoproteinase Lys-C can be used for protein sequence analysis and synthesis of lysine derivatives.
Storage	Store at -20°C.
