

Product Information

Uridylate kinase

Cat. No.: X24-04-LY071

Size: 150 U; 500 U; 1 KU; 5 KU

CAS Number: 9036-23-1

Enzyme Commission Number: 2.7.4.6

Synonym: UMPK; UMP kinase

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	Uridylate kinase belongs to the nucleoside monophosphate (NMP) kinase family and is moderately specific for urid ylic acid.
Form	Liquid
Purity	≥95%
Applications	Uridylate kinase can be used to study key enzymatic reactions in cellular metabolic pathways.
Storage	Store at -20°C.
