

Product Information

rBC2LCN-635 lectin, Recombinant, Cy5 conjugate

Cat. No.: XLC-103-29Q

Size: 100 µL

Synonym: AiLecS1-635

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	It is a recombinant BC2LCN-635 lectin. This product can be used in sandwich enzyme-linked immunosorbent assay, hemagglutinin assay, flow cytometry and cell staining.
Concentration	0.08-0.12 mg/mL
Excitation	634 nm
Emission	654 nm
Color of Fluorescence	Red
Form	Liquid
Applications	Sandwich enzyme-linked immunosorbent assay, Hemagglutinin assay, Flow cytometry, Cell staining
Storage	Store at -20°C. Protect from light.
