

Product Information

Aspergillus oryzae lectin (AOL), Recombinant, Agarose conjugate

Cat. No.: XLC-103-36Q

Size: 1 vial

Synonym: AOL; rAOL

This product is for research use only and is not intended for diagnostic use.

Product Information

Description	It is a recombinant <i>Aspergillus oryzae</i> lectin (AOL). This product can be used in capturing glycoconjugates.
Concentration	15 mg/mL
Conjugate	Agarose
Carbohydrate Specificity	Fuca(1-6)/ α (1-4)/ α (1-3)/ α (1-2)
Form	Liquid
Potency	Agarose conjugated AOL (> 5 mg/mL) binds human Lactoferrin.
Buffer	PBS (pH 6.5)
Preservative	0.02% sodium azide
Applications	Capture glycoconjugates
Storage	Store at 2-8°C. (Do not freeze!)
