

Product Information

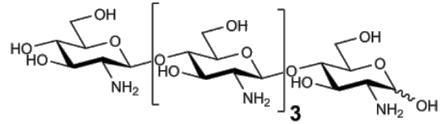

Chitosanpentaose

Cat. No.: X22-09-ZQ517

Size: 5 mg

CAS Number: 41708-94-5

This product is for research use only and is not intended for diagnostic use.

Product Information

Molecular Weight	823.8
Molecular Formula	C ₃₀ H ₅₇ N ₅ O ₂₁
Form	Powder
Purity	>90%, determined by HPAEC-PAD.
Applications	Chitosanpentaose is a useful chemical compound for research and biochemical enzyme assays.
Storage	Store at -20°C.

Safety Information

Personal Protective Equipment	Gloves, eyeshields, N95 mask
