

Product Information

Iron-Dextran

Cat. No.: XGB0557

Size: 25 mL; 100 mL

MDL: MFCD00081553

CAS Number: 9004-66-4

NACRES: NA.25

Synonym: Ferric hydroxide dextran complex

This product is for research use only and is not intended for diagnostic use.

Product Information

Biological Source	synthetic
Form	solution
Quality Level	200
Applications	Iron-Dextran (ferric hydroxide dextran complex) can be used as an intravenous iron preparation. Iron-dextran can also be used to induce iron overload to study its effects and preventive measures.

Safety Information

WGK Germany	WGK 3
Hazard Statements	H317 - H350
